

## Sharing of best legislative practices

*Thursday 8 December 2022 14:00 (1h 30m)*

Participants will exchange and present their legislative experiences and best practices related to their national plans of action on water. Participants will be invited to consider innovative ways to facilitate the exchange between parliaments on legislative practice, including the establishment of a web-based platform, a legislation bank, or model legislative provisions on issues related to water.

Each representative of parliament will summarise the discussions she/he has had on three points:

1. The best practices in her/his current legislation
2. Best lessons learned from other legislations
3. Point to ONE priority to improve the current legislation

**Presenter:** REPRESENTATIVES, IPU

**Session Classification:** Afternoon Workshop
