

Session Program

29 November 2022

12th LHC students poster session

Jets and QCD studies

Tuesday 29 November

10:01

Jets and QCD studies

Session | Location:

10:01-10:02

Enlightenment era for the three-body interactions in ALICE

Speaker

Laura Šerkšnytė

10:02-10:03

Constituent-Based Top-Quark Tagging with the ATLAS Detector

Speaker

Kevin Thomas Greif

10:03-10:04

Performance of top/W/Z taggers using UFO jets in ATLAS

Speaker

Martin Murin

10:04-10:05

New techniques for ATLAS jet energy calibration

Speaker

Naseem Bouchhar

12:01
