

*CERN & Society
Foundation*

***‘Spreading the CERN spirit of scientific curiosity,
for the inspiration and benefit of society’***

Education & Outreach

**Innovation &
Knowledge Exchange**

Culture & Creativity

WITH A FOCUS ON EDUCATION AND YOUTH

Our projects are generously supported by individuals, foundations and corporates

EDUCATION AND OUTREACH

Our Programmes target all the steps of education.

Beamline for Schools Competition

A physics competition for **high school students** from all around the world.

Non-Member States Summer Students Programme

A unique opportunity for **students pursuing bachelor's or master's degrees** in physics, computing, engineering and maths.

The Non-Member States PhD Studentship Scheme

To provide high-calibre **PhD students** with the opportunity to participate in the Large Hadron Collider experiments.

National Teacher Programme

Since the beginning of the Programme in 1998, about **14'000** high school teachers were trained at CERN.

Every year, around **40** national courses take place in **21** languages.

In 2022, **567** teachers were trained at CERN. Among them, **149** were supported by the CERN & Society Foundation.

HELP US SPREAD THE WORD

With our sincere thanks to the Portuguese
Teacher Programme donors in 2023:
