

Advances in Space AstroParticle Physics Frontier Technologies for Particle Measurements in Space

PERUGIA (IT) 19-23 June 2023

<https://indico.cern.ch/e/asapp2023>

Early-bird registration and accommodation pre-reservation: deadline 15 April 2023

Third Bulletin – 3 April 2023

The ASAPP 2023 International Conference aims in reviewing the progresses in **design, development, integration and test of instrumentation for measurement of particles and high-energy radiation in Space.**

Scientific program and conference timetable

The conference program and timetable has been published at this [link](#)

Important dates

- 15 April 2023** - Early-bird registration closes ([deadline for pre-reserved rooms](#))
- 31 May 2023** - Regular registration closes and poster abstract submission closes
- 18 June 2023** - Late registration closes
- 19 - 23 June 2023** - Conference runs
- 15 September 2023** - Proceeding submission closes

Call for abstracts for poster presentations only is open until 31st May 2023.

Registration to the conference can be submitted following the information at this [link](#)

Pre-registered users can finalize the payment of the fee by 15 April 2023 to access early-bird discount

Ms.C. and Ph.D students can apply during registration to early bird feeds also during the regular registration window.

Conference venue and accommodation

The conference will be hosted at Posta Donini ([link](#)), a historic residence that dates to the XVII century located just outside of Perugia (IT) with a large variety of amenities for and services. To benefit of all the informal discussions and of the fruitful exchange of ideas opportunities that such a place and such a stay could inspire, we strongly suggest as accommodation, during the conference, Posta Donini. All the 48 rooms of the Posta Donini hotel have been pre-reserved for the participants of the conference.

We suggest to register to the conference and book the hotel as soon as possible.

Pre-reservation of the rooms will expire on 15 April 2023.

Pre-reservations will be assigned on a "first come - first served" approach

Other accommodation solutions are suggested in the conference webpage

VISA information and invitation letters

Participants of the conference who need an **invitation letter** to apply for a VISA can contact asapp2023@lists.infn.it following the information at this [link](#).

Participation of young researchers

The participation of young researchers is warmly welcome.

Waivers for fee discounts will be granted to young researchers with help from **APPEC** (*AstroParticle Physics European Consortium*)

A 300 CHF prize sponsored by **MDPI Instruments** will be awarded as **"Best presentation from young researchers"** award.

A 300 € prize sponsored by **APPEC** will be awarded as **"Best poster from young researchers"** award.

Eligible researchers are presenters of oral contributions or posters at the conference that will have no more than 3 years of research activity after their Ph.D. at the date of the conference, and Ph.D. students.
