

Session Program

21-22 Nov 2022

1st FCCee Beam Instrumentation Workshop

BI studies for FCCee

CERN, 6/2-024 - BE Auditorium Meyrin

Tuesday 22 November

09:00

BI studies for FCCee

Session | **Location:** CERN, 6/2-024 - BE Auditorium Meyrin

09:00–09:30

Overview of BI studies for FCCee

Speaker

Thibaut Lefevre

09:30–10:00

Main ring quadrupole - vacuum chambers and BPM integration

Speaker

Cedric Garion

10:00–10:30

Electro-optical Bunch length monitors for FCCee

Speaker

Micha Reißig

10:30–11:00

Coffee break

11:00–11:30

Cherenkov diffraction radiation for bunch length monitoring

Speaker

Andreas Schloegelhofer

11:30–12:00

Beam size measurements with X-HNFS

Speaker

Ubaldo Iriso

12:00
