

# The Scientific Program of ASP2022

## Thursday 1 December 2022

### Students parallel session 3: @Students: Neutron Optics & Neutrons (16:00 - 17:30)

-Conveners: Malik Maaza

time	[id] title	presenter
16:00	[173] Fermi potential & Neutron optics	Prof. MAAZA, Malik
16:45	[174] Neutron trapping in nanostructure & neutron lifetime	Prof. MAAZA, Malik

# Friday 2 December 2022

## Students parallel session 3: Searches for dark sector states (16:00 - 17:30)

-Conveners: Gopolang Mohlabeng

time [id] title

presenter

16:00	[205] Lecture 1: dark matter	MOHLABENG, Gopolang
-------	------------------------------	---------------------

# Wednesday 7 December 2022

## Students parallel session 3: Searches for dark sector states (16:00 - 17:30)

-Conveners: Gopolang Mohlabeng

time	[id]	title	presenter
16:00	[206]	Lecture 2: searching for dark matter	MOHLABENG, Gopolang
