

Session Program

4-14 Jan 2023

Quarkonia As Tools 2023 (QaT2023+)

nucleus-nucleus collisions

Centre Paul Langevin
Aussois, Vanoise Massif, France

Wednesday 11 January

08:25

nucleus-nucleus collisions: Quarkonia in nuclear collisions at the LHC and RHIC

Session | Location: Centre Paul Langevin, Aussois, Vanoise Massif, France

09:00–09:30 J/psi in jets

Speaker

Batoul Diab

09:30–10:00

Theory progress in quarkonium production in nucleus-nucleus collisions

Speaker

Pol-Bernard GOSSIAUX

10:00–10:15 Q&A session

Speakers

Batoul Diab, Florian Damas, Pol-Bernard GOSSIAUX

10:15–10:45 Coffe break

10:45–11:15 Quarkonia at RHIC

Speaker

Daniel Kikola

11:15–11:45 Fixed-Target experiments at LHC: prospects for QGP study

Speaker

Cynthia Hadjidakis

11:45–12:00 Q&A session

Speakers

Cynthia Hadjidakis, Daniel Kikola

12:00
