Ideas and plans for follow-up activities for WP 3.2

> Set up **contacts between activities and TT units**

> > Setting up meeting with CERN KT?

> Exchange with TT units: **best practices, available programs, facilitate access to services** provided by I.FAST

participating RIs: What is offered by the RIs, what are the access models?

> **Repeated survey** to see development within I.FAST (closer to end of I.FAST)

> Development of a **business case** for (1-2) I.FAST R&D activities/sectors in collaboration with industry

> > Possibly from I.FAST Internal Innovation Fund projects?
