

SUSY 2023

Local Organising Committee

Alexander Belyaev
Pasquale Di Bari
Bowen Fu
Stephen King (co-chair)
Stefano Moretti (co-chair)
Giovanna Salvi
Kostas Skenderis
Nakorn Thongyoi

<https://indi.to/susy2023>

Some After-Dinner Observations—not guaranteed to be digestible

Rocky Kolb

Large Boulder Collider (LBC) at Conseil Européen pour la Recherche Néolithique (CERN)

Energy per particle (boulder) $2.4 \times 10^{18} \text{ GeV} = M_{\text{Pl}}$

Approved by the European Center for Neolithic Research Council

Damage to Detector Required Frequent Upgrades

Obvious Cosmological Implications

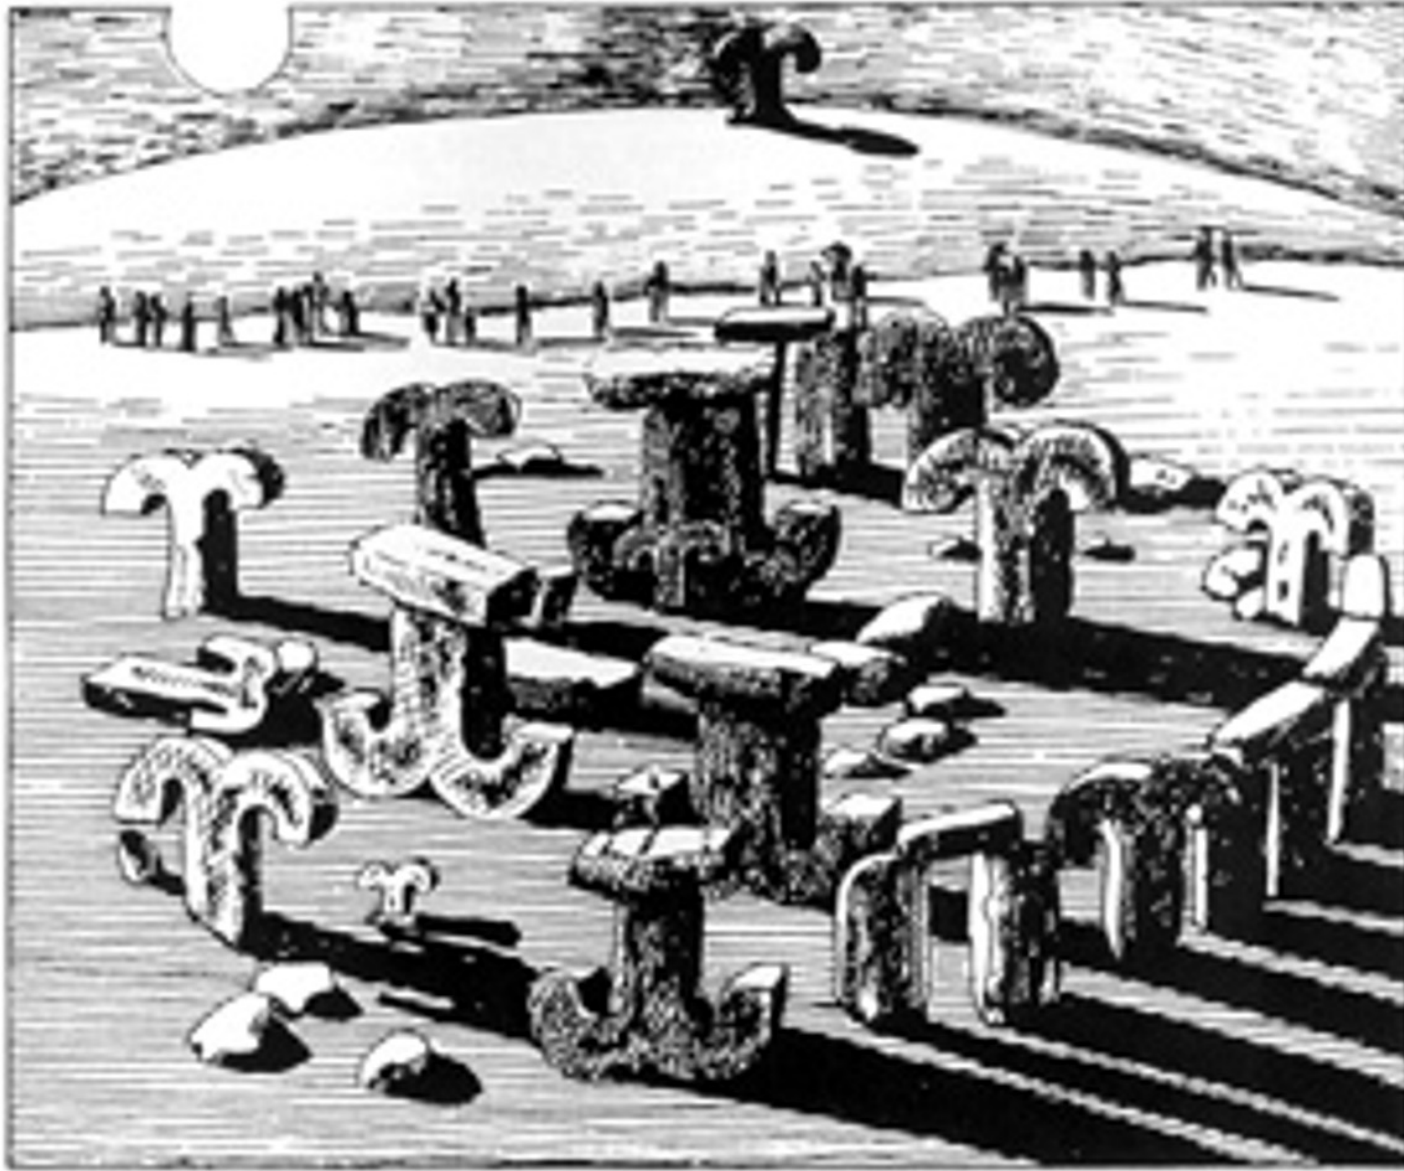

CERN Cafeteria Featured the NEOLITHIC Diet

1389902531

CERN LBC and the Search for SUDY (SUpernaturalDeitY*)

*Mysterious spirits required for unification and naturalness of the world

First meeting in the SUDY series: July 1993 BCE

“The Lightest SuperDeity as Dark Matters”

Search for Superpartners of Deities

Thor

Thorino

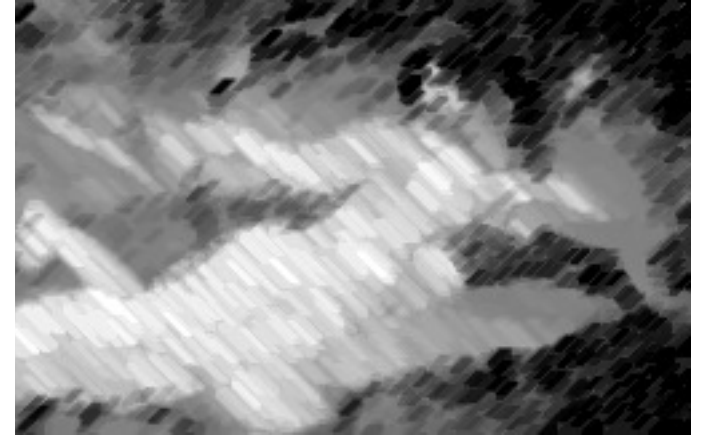

Woton

Wotino

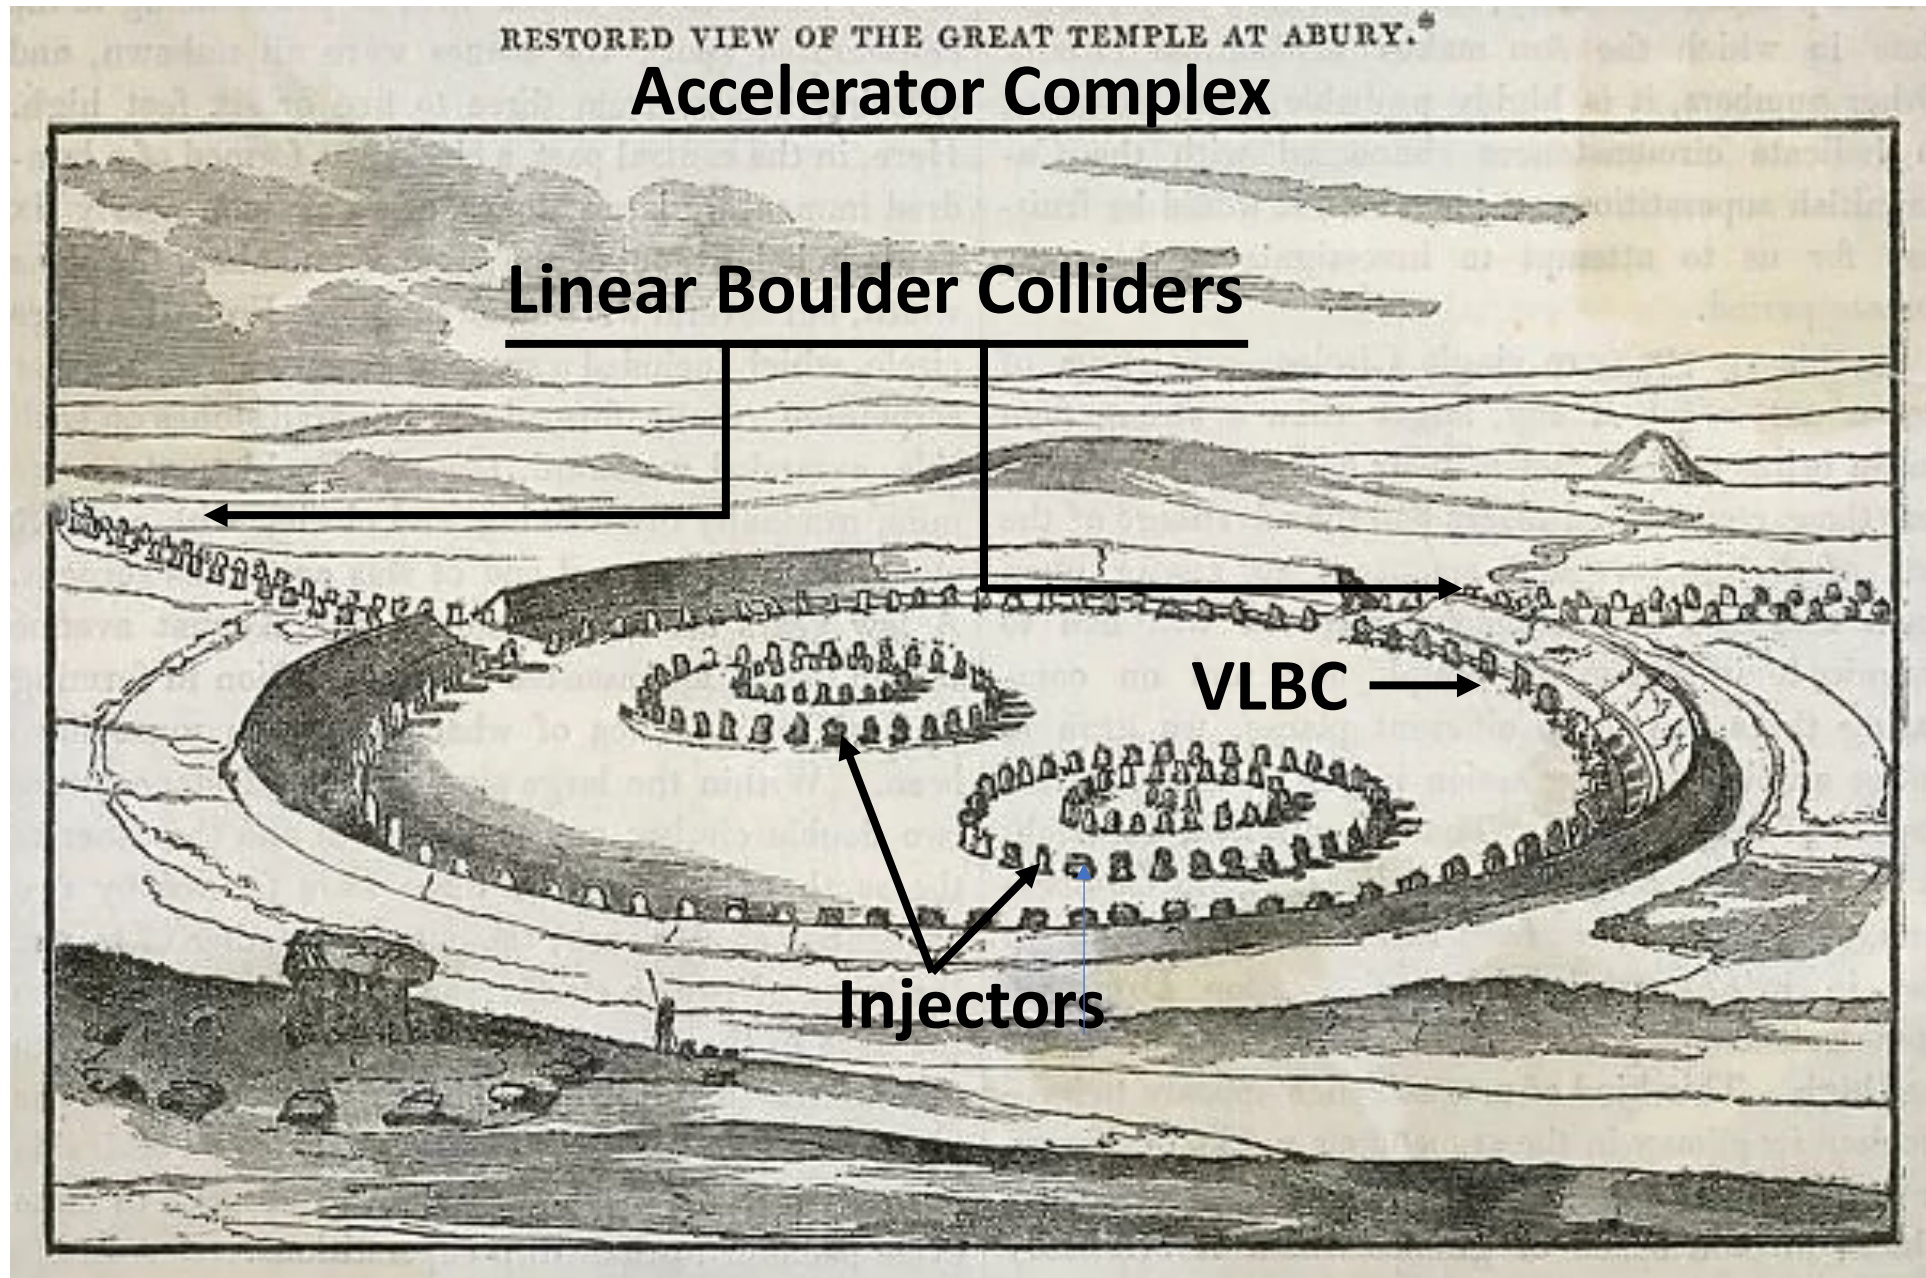

Venus

Svenus

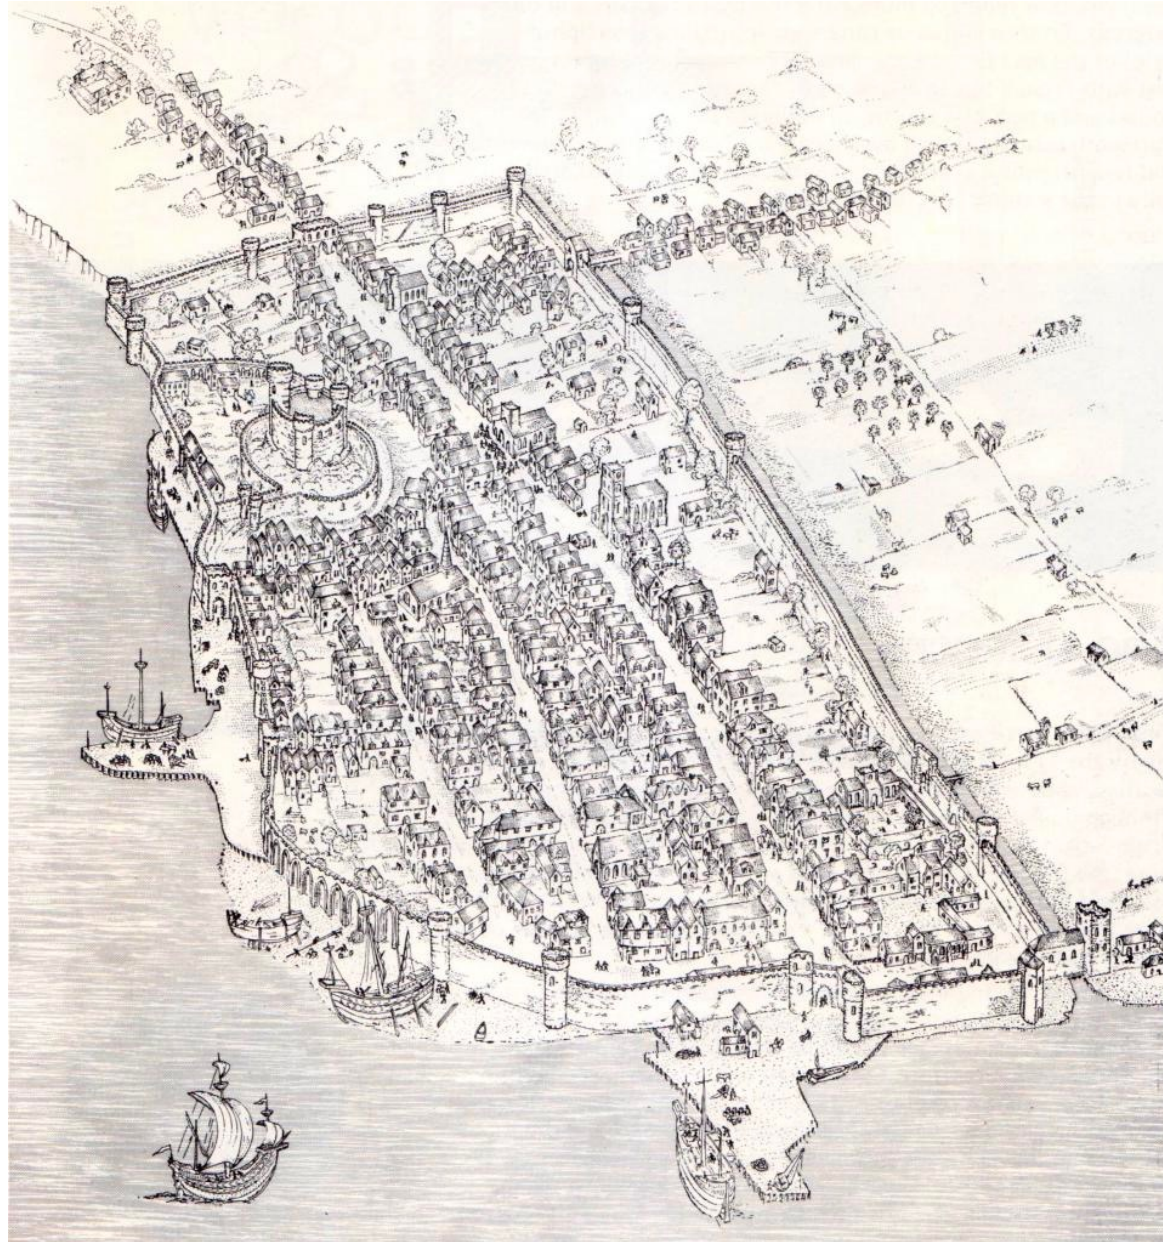

CERN Built the Very Large Boulder Collider (VLBC) at Avebury

Sadly, Still Trouble with Detectors

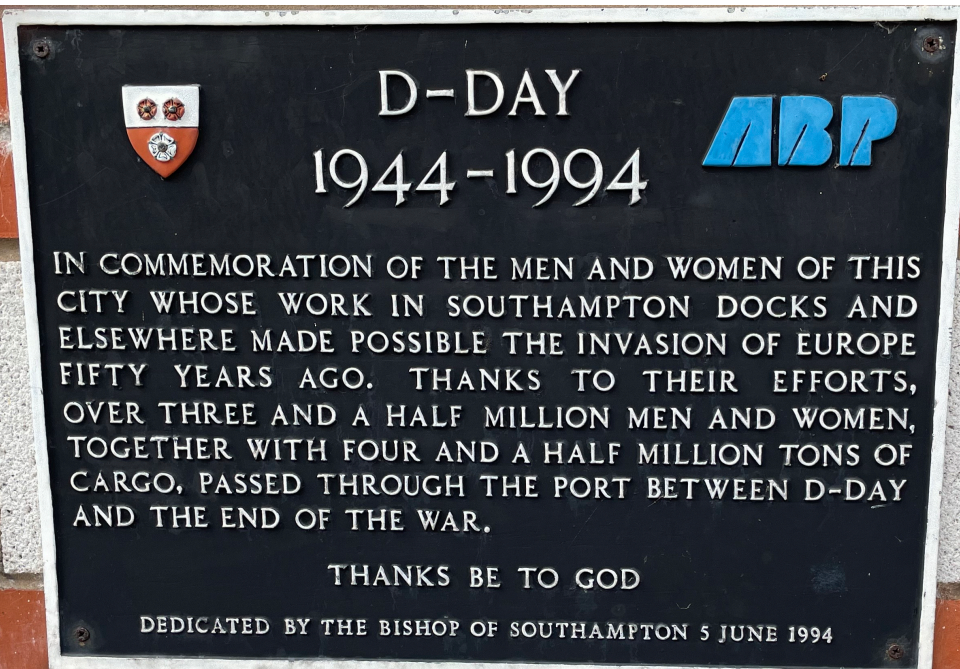

1415: Henry Vth Sails for Agincourt from Southampton

1620: The Original Brexit—Pilgrims Sail on Mayflower to New World

June 1944-May 1945: 3.5 Million People + 4.5 Million Tons of Cargo

Not All Departures Ended Well

I wish everyone a happy journey home

Don't give up the search for SUSY (or even SUDY)

Thanks to the organizers for near-perfect planning
