# Multi-channel Processing and Simulation (MPS)
a python processing framework for the Rɪcochet experiment

Jules Colas on behalf of the **RICOCHET collaboration**

It's a boring title, so why you may be interested in ?

Three reason why

Reason nº1: Fancy plots

Reason nº2: Learn about Rɪcochet

Reason nº3: Discuss processing

I'll be pleased to answer your questions

RICOCHET
A Coherent Neutrino Scattering Program
