

Contribution ID: 31

Type: **Oral Presentation**

## **Hydrodynamics and rheology of fluctuating, semiflexible, inextensible, and slender filaments in Stokes flow**

*Tuesday, 16 May 2023 10:50 (20 minutes)*

**Primary authors:** Prof. DONEV, Aleksandar (Courant Institute, New York University); Dr MAXIAN, Ondrej (Courant Institute, New York University); Prof. SPRINKLE, Brennan (Colorado School of Mines)

**Presenter:** Prof. DONEV, Aleksandar (Courant Institute, New York University)

**Session Classification:** Biomaterials and Biological Systems

**Track Classification:** General Symposia: Biomaterials and Biological Systems
