

# Phenomenology 2023 Symposium

## Tuesday 9 May 2023

### BSM IX (14:00 - 16:00)

-Conveners: Sandra Kvedaraite

time	[id] title	presenter
14:00	[170] Drell-Yan tails as flavour probes of new physics	ALLWICHER, Lukas
14:15	[153] Drell-Yan Bound on Continuum Spectra from Extra Dimensions	Mr SAXTON, Torrey
14:30	[234] Exploring the Flavor Symmetry landscape of Composite Higgs models	RICCI, Lorenzo
14:45	[76] Anomalies, Representations and Self-Supervision	FAVARO, Luigi
15:00	[48] Deep Learning Symmetries in Physics and Beyond	FORESTANO, Roy
15:15	[220] Entangled Taus at Colliders	LO CHIATTO, Prisco
15:30	[222] Entanglement and Bell's inequalities with boosted semi-leptonic top quarks at the LHC	NAVARRO, Alberto
15:45	[67] On two-body and three-body spin correlations in leptonic $t\bar{t}Z$ production and anomalous couplings at the LHC	RAHAMAN, Rafiqul
