

**Session Program**

**5-9 Dec 2022**

**Zimanyi Winter School**

***QCD and heavy flavors***

# Monday 5 December

08:45

## QCD and heavy flavors

Session | Location:

08:45–09:00 **Opening**

**Speaker**  
Peter Levai

09:00–09:35 **The complex potential  $T>0$**

**Speaker**  
Peter Petreczky

09:35–10:10

**How fast do heavy quarks thermalize? (The heavy quark diffusion coefficient from lattice QCD) - online contribution**

**Speaker**  
Luis Altenkort

10:10–10:35 **Screening effects at non-zero chemical potential and magnetic field**

**Speaker**  
Michal Szymanski

10:35
