

# Zimanyi Winter School

## Monday 5 December 2022

### Heavy flavors (13:45 - 15:50)

time	[id] title	presenter
13:45	[10] Heavy flavour measurements with ALICE at the LHC	OTWINOWSKI, Jacek Tomasz
14:20	[11] Measurements of J/Psi production vs event multiplicity in the forward rapidity in p + p collisions in the PHENIX experiment	Dr SHI, Zhaozhong
14:55	[12] Production of heavy flavor in small systems	VERTESI, Robert
15:20	[13] Disentangling the gluon Bremsstrahlung effects from the underlying event in high-multiplicity pp collisions	BENCEDI, Gyula
15:35	[14] Defining the Underlying-Event Activity in the Presence of Heavy-Flavour Processes in Proton-Proton Collisions at LHC Energies	GYULAI, Laszlo
