Jets (14:00 - 16:00)

time	[id] title	presenter
14:00	[41] Jets Measurements with PHENIX - online contribution	CONNORS, Megan Elizabeth
14:35	[42] Jet quenching in evolving anisotropic matter	SADOFYEV, Andrey
15:00	[43] Analysis of strange V0 particles in jets produced in PbPb collisions at the ALICE experiment at CERN	GRECKA, Ekaterina
15:15	[44] Medium induced gluon spectrum in dense inhomogeneous matter	MAYO LOPEZ, Xoan
15:30	[45] Studies of color reconnection and fragmentation with the CMS	RADL, Attila Jozsef
15:45	[46] Anisotropy of the QGP droplet investigated through high-pt data	Mr STOJKU, Stefan
