Odderon and diffraction (10:50 - 12:20)

time	[id] title	presenter
10:50	[56] Recent results from the TOTEM Experiment - online contribution	NEMES, Frigyes Janos
11:15	[53] Model independent Odderon results - based on new TOTEM data at 8 TeV	CSORGO, Tamas
11:40	[54] Levy generalization of the Phillips-Barger model for elastic pp scattering	STER, Andras
12:05	[55] The ReBB model at 8 TeV: Odderon exchange is a certainty	SZANYI, Istvan
