

Welcome to Kovalam

and the

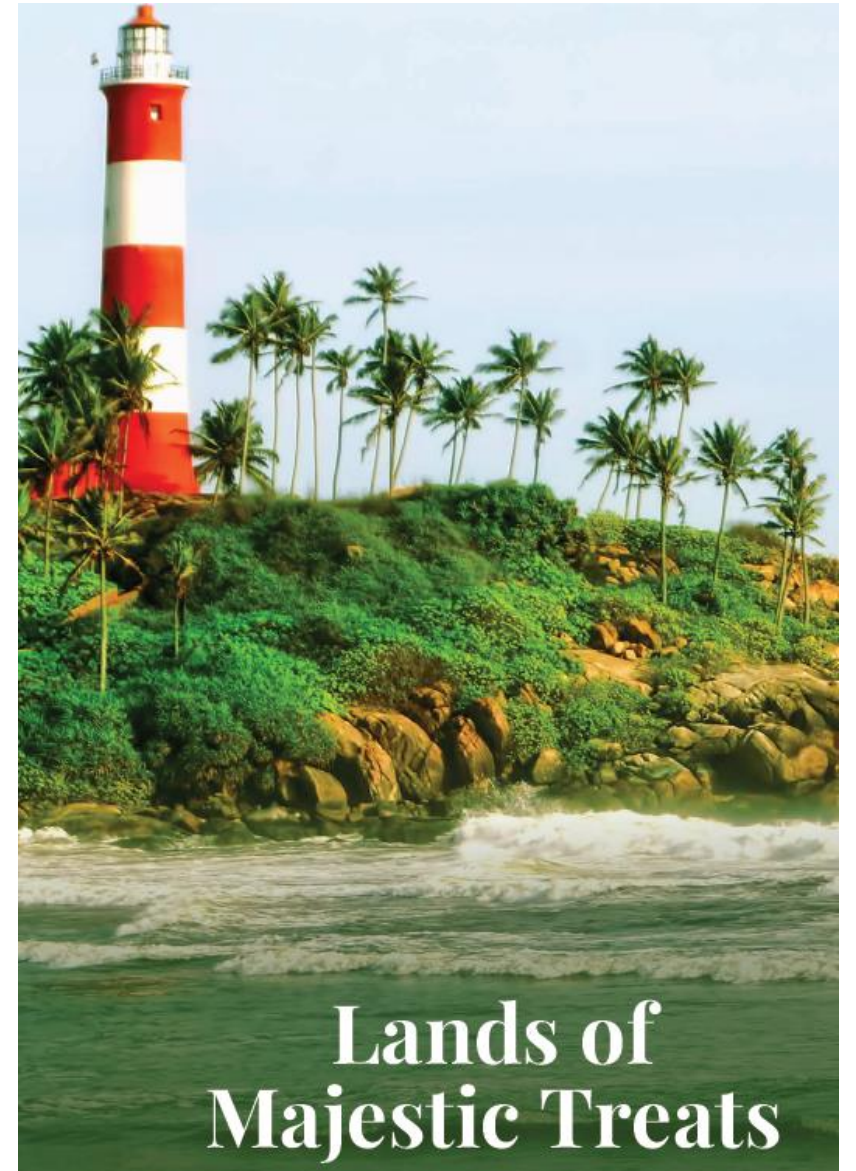

Workshop on the QCD equation of state in dense matter HIC and astrophysics - MAGIC23

Supported by:

Unterstützt von / Supported by

Alexander von Humboldt
Stiftung/Foundation

Some information on the Group linkage program:

- Initiated in 2018 by our late colleague **Stefan Schramm** and **Abhijit Bhattacharyya** from the University of Calcutta.
- Goal is „to establish a sustainable basis for long-term international academic collaboration between alumni of Alexander von Humboldt Foundation programmes abroad and academics in Germany “
- Includes support for regular visits and a workshop.
- Our workshop concludes the funding period of this group linkage.
- We tried to bring here some of Stefans old colleagues and students to exchange results on the topics that Stefan was invested in.

Program:

- Coffe/tea breaks are outside the conference room
 - 11:00 and 16:00
- Lunch will be served at the restaurant downstairs at 13:00 TUE - FRI. Few accompanying persons can also join free of charge.
- After lunch there will be free time for discussions until the second coffee/tea break.
- After the last session everyone is free to make their dinner arrangements.
- Except for Thursday: Conference dinner at the **Villa Maya** restaurant in Trivandrum at 7:00 p.m. We will leave around 18:30 (more information on how to get there on Thursday).
 - Charge for accompanying person 2500INR (I collect it)
- Conference photo.
