- Friends 1%
- Alumni 72%

# **Network Composition**

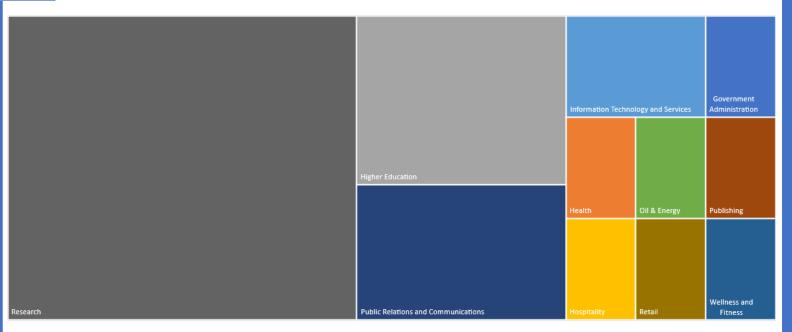

## 30 Top Represented Nationalities

### GB Members work in 11 sectors

31/03/2023 7

## What the Network offers

 "the network can bring a lot of value for its members. People should join because that gives them access to an exclusive network of over 8000 CERN alumni with unique career trajectories, various events that are organised regularly, access to mentoring, the possibility to come back to visit CERN and it will also keep them up to date with the latest news from the organisation.

## 11 cont.

 it offers a jobs board, a mentoring module, a way of advertising your start-up and access to exclusive events with industry insights or virtual company showrooms.

### **Activities**

#### Multiple activities, such as:

- -sharing their story
- featuring in a <u>spotlight article</u>
- answering our "10 questions" series,
- -sharing their memories of the announcement of the Higgs and previous runs of the LHC
- -CERN Alumni participated in
- our <u>traditional advent calendar campaign</u>, sharing good wishes from multiple locations across the globe
- -Members of the community also took part in our "Moving out of Academia to" either
- <u>sharing their experience</u> moving away from CERN to a different sector as panellists or
- -as audience members to discover valuable tips and advice needed when considering a trajectory towards a different industry.

We also doubled the number of <u>Virtual Company Showrooms</u> organised in 2022, 14 in total, compared with seven in 2021.

-CERN Knowledge Transfer, which will continue into 2023.
