

# 18th "Trento" Workshop on Advanced Silicon Radiation Detectors

## Thursday, 2 March 2023

### TECHNOLOGIES - Aula Grande (15:50 - 17:10)

-Conveners: Maurizio Boscardin

time	[id] title	presenter
15:50	[16] Ionizing and non-ionizing radiation damage on Silicon Photomultipliers	ACERBI, Fabio
16:10	[32] Radiation Tolerance Study of neutron-irradiated SiC pn planar diodes	Dr VILA ALVAREZ, Ivan
16:30	[33] Pixel detector hybridisation with anisotropic conductive adhesives	SCHMIDT, Janis Viktor
16:50	[7] Two Photon Absorption – Transient Current Technique: Recent results on segmented sensors and improved measurement methods	PAPE, Sebastian
