

# 9th Symposium on Frequency Standards and Metrology

## Monday, 16 October 2023

### Optical Ion Clocks II (16:00 - 17:30)

-Conveners: Tingrei Tan

time	[id] title	presenter
16:00	[61] 171Yb+ optical clock at NPL for frequency metrology and tests of fundamental physics	CURTIS, Anne
16:30	[138] Quantum state control and precision spectroscopy of single molecular ions	Dr CHOU, Chin-wen
17:00	[13] Ca+ Optical clocks with Systematic Uncertainties at the 10(-18) level	HUANG, Yao
