Questions

• Who is a genius?

A person who is exceptionally intelligent or creative, either generally or in some respect.

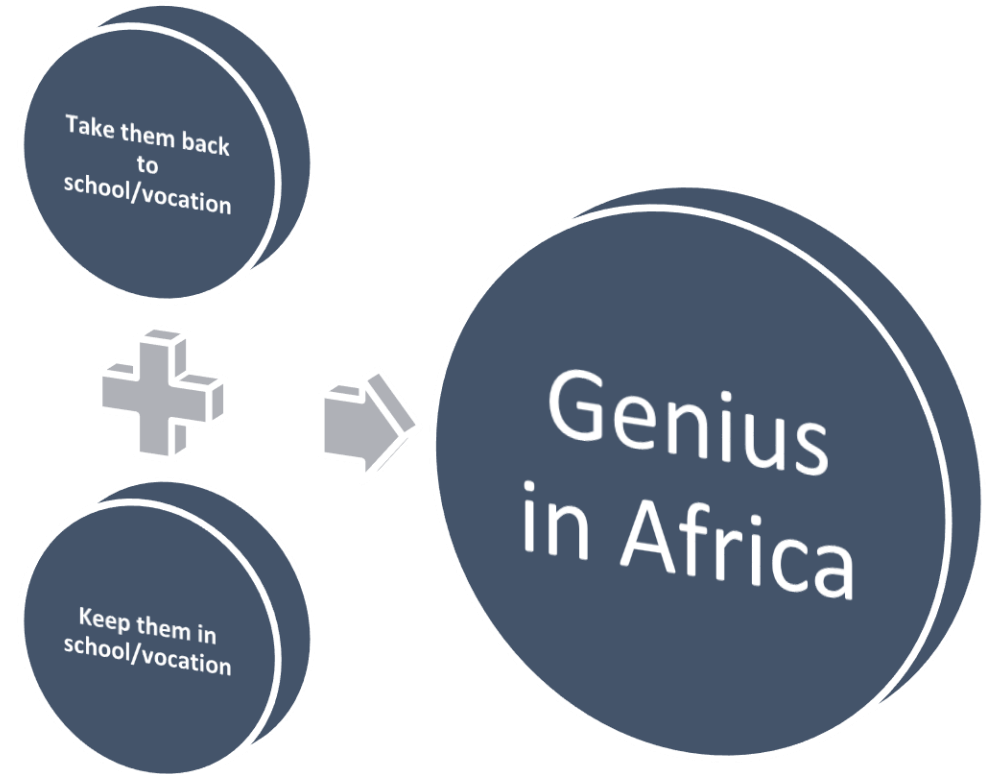

Doing much with the limited available resources.

Genius in Africa

Of all regions, sub-Saharan Africa has the highest rates of education exclusion. Over one-fifth of children between the ages of about 6 and 11 are out of school, followed by one-third of youth between the ages of about 12 and 14. According to UIS data, almost 60% of youth between the ages of about 15 and 17 are not in school.
