

Boosting Physics in Africa within the ASFAP Strategy: Particle physics as prototype

Tuesday, September 26, 2023 9:00 AM (25 minutes)

In this talk we present the African Strategy for Fundamental and Applied Physics (ASFAP). This initiative aims to boost Africa's science, particularly in fields such as fundamental and Applied Physics. To this end, ASFAP has dedicated several working groups to define strategic capacity development, retention and boost research in physics. As a prototype, a preliminary report prepared by the particle physics working group will be summarized.

Abstract Category

Particle Physics

Primary author: Prof. CHABAB, Mohamed (Cadi Ayyad University (MA))

Presenter: Prof. CHABAB, Mohamed (Cadi Ayyad University (MA))

Session Classification: Nuclear and Particle Physics

Track Classification: Physics Research
