

Oblique Parameters in the Two-Higgs Doublet Model with Vector-Like Quarks: An Approach to explain the W Boson Mass Anomaly

Abstract Category

Particle Physics

Primary authors: Mr ABOUABID, Hamza (Université Abdelmalek Essaadi); ARHRIB, Abdesslam (AbdelMalek Essaadi university); Prof. BENBRIK, Rachid; BOUKIDI, Mohammed (Cadi Ayyad University, Marrakech); EL FALAKI, Jaouad

Presenter: Mr ABOUABID, Hamza (Université Abdelmalek Essaadi)

Track Classification: Physics Research
