

Early Career Panel Discussion—”Beauty of Physics”

Monday 25 September 2023 18:30 (2 hours)

Early Career Panel Discussion—”Beauty of Physics” will give some of tomorrow’s physicists a little bit of inspiration from the experts, to help tackle the widely publicised “decline in physics”.

Featured panelists:

- Prof. Azwinndini Muronga (Executive Dean of Natural Science, Nelson Mandela University)
- Prof. Mmantsae Moche Diale (Full Professor, University of Pretoria)
- Prof. Mohamed Chabab (Director of High Energy and Astrophysics Laboratory, Cadi Ayyad University Marrakesh)

If you would like to pose a question to our panelists, but would like to remain anonymous, please enter it below. We will be monitoring responses live during the early career panel discussion and will get to as many as time allows.

Abstract Category

Session Classification: Conference Reception & Early Career Panel Discussion
