

**Session Program**

**25-30 Sept 2023**

**The 3rd African Conference on Fundamental  
and Applied Physics (ACP2023)**

***Accelerators & Light Sources***

Protea Hotel King George, Regency Room

# Monday 25 September

14:00

## Accelerators & Light Sources

**Session** | **Location:** Protea Hotel King George, Regency Room | **Conveners:** Simon Connell, Dr Sanae SAMSAM

14:00–14:25

### Challenges of 4th generation accelerator-based light sources

**Speaker**

Simone Di Mitri

14:30–14:55

### Developing an African Inverse Compton Scattering source of advanced X-rays as an incubator on the path towards the African Light Source

**Speaker**

Luca Serafini

15:00–15:25

### “The first African Light Source: lighting the future of Africa”

**Speaker**

Dr Gihan Kamel

15:30
