

PMO questions to PMs

How can we support you better?

PMO Team

January 2023

Some questions...

Our goal is to establish a fruitful collaboration and effective two-way communication between the PMO and project managers.

- What do you think is the best way to ensure this?
- How do you see our future communication and collaboration?

Some questions...

In 2023 we would like to focus on the community of practice.

- Do you have any suggestions/wishes/comments?

Some questions...

- Can you tell us about a major roadblock/s you faced when running your project?
- How do you think PMO could have helped you with this?

Some questions...

Do you have any questions on the project lifecycle 2.0?

- Is the workflow clear to you?
- How do you understand the value of each step?

Some questions...

- How do you understand the value of project reports?
- Why are they needed?

Some questions...

- What about project plans? Have you had a chance to look at the template?
- How you understand the difference between the project charter and project plan and why we require both?
