

2nd Physics Camp for Girls

Contribution ID: 10

Type: **not specified**

STEAM GAALA

Tuesday, 20 December 2022 13:10 (30 minutes)

Demonstration based DIY STEM projects will be performed that integrate the concepts of robotics, the internet of things, programming, and automation. The basics of this show are to enable curiosity in young girls to pursue STEM careers. Participants will also engage in tricky mental math.
