

Session Program

14-19 May 2023

**Blois 2023: 34th Rencontres de Blois on
"Particle Physics and Cosmology"**

Collider

Gaston d'Orléans

Tuesday 16 May

09:00

Collider

Session | **Location:** Gaston d'Orléans | **Convener:** Javier Mazzitelli

09:00-09:30 **State of the art in perturbative QCD for LHC**

Speaker

Alexander Yohei Huss

09:30-10:00 **Electroweak sector with single and multi bosons**

Speaker

Karol Krizka

10:00-10:30

Top quark rare or BSM interactions and the studies at new energy at CMS

Speaker

Laurids Jeppe

10:30
