

PSD13: The 13th International Conference on Position Sensitive Detectors

Tuesday 5 September 2023

Applications in Astro-Particle Physics - St Catherine's Bernard Sunley Building (09:00 - 10:50)

-Conveners: David Hall

time	[id] title	presenter
09:00	[44] Keynote: Applications in Astro-particle Physics	ESTRADA VIGIL, Juan Cruz
09:30	[28] Silicon Photomultipliers for the SST Camera of the Cherenkov Telescope Array	DEPAOLI, Davide
09:50	[101] An Improved Laser Speckle Modulation Transfer Function Measurement Method	Dr WEATHERILL, Daniel
10:10	[59] The High Energy Particle Detector (HEPD-02) onboard the CSES-02 Satellite.	SAHNOUN, zouleikha
10:30	[7] Electro-optical characterisation and radiation hardness of a CMOS image sensor optimised for soft X-ray astronomy	TOWNSEND-ROSE, Charles
