58th Geant4 Technical Forum : Introduction to developers' part

Marc Verderi

LLR, Ecole polytechnique

2nd February 2023

Developers' Presentations

- Today's Technical Forum is dedicated to expose the content of 11.1, released on 9th December 2022.

- Todays' developers' presentations:
  - What's new in 11.1: Non-physics part, Gabriele Cosmo
  - What's new in 11.1: Electromagnetic physics part, Vladimir Ivantchenko
  - What's new in 11.1: Hadronic physics part, Alberto Ribon
  - Update on R&D activities, Witold Pokorski

- And the update on requirements (Marc)

Other information

- The Collaboration is also building its 2023 plan of work
  - Work items have been collected
  - They now have to be shaped in a consistent work plan
  - The next Technical Forum, in March, will be dedicated, for the developers' part, to the presentation and discussion of this 2023 work plan
- Reminder by Ben Morgan about the HSF Detector Simulation group:
  - https://hepsoftwarefoundation.org/workinggroups/detsim.html
  - Input/suggestions for meetings are very welcome
    - just contact the conveners : Krzysztof Genser, John Chapman & Sandro Wenzel
  - Intent of organizing a meeting on **"Python for Simulation"** (no date yet)
    - Please contact Ben if you're interested in !
