Guided tours “detector labs & test beam” on Friday morning

- on Friday morning at 9AM, we will have guided tours to visit the DESY Detector Assembly Facility for the phase-2 upgrades of ATLAS and CMS plus the DESY II Test Beam Facility with its three test beam lines
- meeting point is in the DESY main auditorium foyer
- please sign up via the [survey](#) to give us a head count

If not seeing you this afternoon/evening,
we will see us tomorrow at 10:30AM
in the DESY main auditorium!
