

# Session Program

17-21 Apr 2023

# 11th Beam Telescopes and Test Beams Workshop

## *Timing*

DESY  
Hamburg, Germany

# Wednesday 19 April

11:20

## Timing

**Session** | **Location:** DESY Auditorium | **Convener:** Federica Oliva

11:20-11:40 **Timing Characterization of a digital SiPM**

**Speaker**

Stephan Lachnit

11:40-12:00

**Test Beam Characterization of a digital SiPM in 150 nm CMOS Imaging Technology**

**Speaker**

Gianpiero Vignola

12:00-12:20 **Towards a time-resolved LHCb-RICH detector**

**Speaker**

Dr Matteo Bartolini

12:20-12:40

**The ATLAS High-Granularity Timing Detector: test beam campaigns and results**

**Speaker**

Oleksii Kurdysh

12:40-13:00

**Results of the ETROC1 Performance and Advancements towards the Next Generation Chip**

**Speaker**

Jongho Lee

13:00
