

NuPhys 2023

PROSPECTS IN NEUTRINO PHYSICS

King's College London, 18th-20th December 2023

<https://indico.cern.ch/e/nuphys2023>

The conference on the unresolved issues in neutrino physics
is back!

Covering: Theoretical and phenomenological perspectives | Future long and short
baseline neutrino oscillation experiments | Reactor neutrinos and fluxes |
Neutrinoless double beta decay | Solar, atmospheric and supernova neutrinos |
Neutrino cosmology
