

Session Program

18-20 Dec 2023

NuPhys2023: Prospects in Neutrino Physics *Multimessengers and Gravitational Waves*

King's College London
King's College London, Strand, London, WC2R 2LS

Monday 18 December

13:40

Multimessengers and Gravitational Waves

Session | **Location:** King's College London, King's College London, Strand, London, WC2R 2LS | **Convener:** Mariam Tortola

13:40-14:10 **Astroparticle and oscillation results from KM3NeT**

Speaker

Paschal Anthony Coyle

14:10-14:30 **High-Energy Neutrino Astronomy**

Speakers

Xavier Rodrigues, Dr Xavier Rodrigues, Xavier Rodrigues

14:30-14:50 **Neutrinos in coincidence with GW**

Speaker

Matthias Vereecken

14:50-15:20 **Exploring the Gravitational Wave Universe with PTAs**

Speaker

Andrea Mitridate

15:20
