

Session Program

18-20 Dec 2023

NuPhys2023: Prospects in Neutrino Physics

Reactors

King's College London
King's College London, Strand, London, WC2R 2LS

Tuesday 19 December

11:30

Reactors

Session | **Location:** King's College London, King's College London, Strand, London, WC2R 2LS | **Convener:** Monica Sisti

11:30-12:00

Development in reactor neutrino models

Speakers

Chris Ternes, Christoph Andreas Ternes

12:00-12:30

Review of current status and focus on future km baseline reactor anti-neutrinos experiments

Speaker

Cecile Nathalie Jollet

12:30
