

## **Session Program**

**18-20 Dec 2023**

# **NuPhys2023: Prospects in Neutrino Physics**

## ***Accelerators***

King's College London  
King's College London, Strand, London, WC2R 2LS

# Tuesday 19 December

13:40

## Accelerators

**Session** | **Location:** King's College London, King's College London, Strand, London, WC2R 2LS | **Convener:** Anatael Cabrera

13:40-14:00 **Neutrino tagging**

**Speaker**  
Mathieu Perrin-Terrin

14:00-14:20 **Neutrino Oscillations at NOvA**

**Speaker**  
Dr Adam Lister

14:20-14:50 **Status of T2K Oscillation Physics**

**Speaker**  
Dr Stephen Dolan

14:50-15:10 **Oscillation physics from Hyper-K**

**Speaker**  
Tom Dealtry

15:10-15:30 **Oscillation physics from DUNE**

**Speaker**  
Liban Warsame

15:30-15:50  
**ESSnuSB - a second generation neutrino beam for high precision CPV measurements**

**Speaker**  
Tord Johan Carl Ekelof

15:50
