Session |

Location: Chung-Ang University, 310-B502, Centennial Hall (310), Chung-Ang University, Seoul, Republic of Korea.

16:10-16:40 Gravitational Lensing in Gravitational Waves - Virtual

Speaker
Dr Kyungmin Kim

16:40-17:10 Continuous spectrum on cosmological collider

Speaker
Dr Shuntaro Aoki

17:10-17:30 Primordial Cosmic complexity and effect of reheating

Speaker
Dr Pankaj Saha

17:30-18:00 Constraints on first-order phase transitions and relevant particle physics models - Virtual

Speaker
Prof. Ligong Bian
