

**Session Program**

**24-26 Apr 2023**

**5th Radiative Decays @LHCb Workshop**

***Open session with theorists and other  
experiments***

Instituto de Física Corpuscular  
Valencia, Spain

# Wednesday 26 April

09:00

## Open session with theorists and other experiments

**Session** | **Location:** Instituto de Física Corpuscular, Valencia, Spain | **Convener:** Irene Bachiller

09:00–09:30

**From  $D_s$  to  $\gamma$  in lattice QCD to  $B_s$  to  $\mu\mu\gamma$  at high  $q^2$**

**Speaker**

Diego Guadagnoli

09:30–10:00

**Belle II talk**

**Speakers**

Varghese Babu, Varghese Babu

10:00–10:30

**Monte-Carlo generation on the B to K Pi Pi gamma process**

**Speaker**

Tak-Shun Lau

10:30–11:00

**Coffee break**

11:00–11:30

**Multi-dimensional angular distributions made easy**

**Speaker**

Juan Antonio Aguilar Saavedra

11:30–12:00

**LHCb talk**

**Speaker**

Marie-Helene Schune

12:00–12:30

**Radiative charm decays**

**Speaker**

Gudrun Hiller

12:30–13:00

**Coffee break/discussion**

13:00–13:30

**Theory closure talk**

**Speakers**

Amarjit Soni, Amarjit Soni

13:35
