

Session Program

22-26 May 2023

QCD Evolution Workshop 2023

DPS

IJCLab, Orsay (FRANCE), Auditorium Joliot Curie
15, Rue G. Clemenceau 91405 Orsay Cedex FRANCE

Wednesday 24 May

09:00

DPS

Session |**Location:** IJCLab, Orsay (FRANCE), Auditorium Joliot Curie, 15, Rue G. Clemenceau 91405 Orsay Cedex FRANCE |**Convener:** Simone Rodini

09:00–09:20

Pion and kaon fragmentation functions at next-to-next-to-leading order

Speaker

Emanuele Roberto Nocera

09:25–09:45

Deducing the correlated spatial structure of the proton from the elastic form factors to double parton distributions

Speaker

Prof. Simonetta Liuti

09:50–10:10

Momentum sum rule and factorization of double parton distributions

Speaker

Krzysztof Golec-Biernat

10:15–10:35

Double parton scattering in jet production at the LHC

Speaker

Anna Kulesza

10:40
