

Session Program

25-28 Jun 2006

8th RD50 Workshop

New Structures

Prague

Tuesday 27 June

15:00

New Structures

Session | Location: Prague

15:00-15:20

Development of New 3d Si detectors at BNL and CNM

Speaker

Zheng Li

15:20-15:50

coffee break

15:50-16:05

Progress on 3D mask

Speaker

Richard Bates

16:05-16:20

3D detectors simulation and measurements

Speaker

Celeste Fleta

16:20-16:40

Position sensitive TCT measurements with 3D-sct detectors

Speaker

Gregor Kramberger

16:40-17:00

Characterisation of Irradiated 3D Detectors

Speaker

Martin Hoeferkamp

17:00-17:15

Charge Collection in single-column 3D detectors

Speakers

Hartmut Sadrozinski, Hartmut Sadrozinski

17:15-17:40

Discussion session on New Structures

17:40
