

VOMS plans for year 2

Andrea Ceccanti (INFN)

VOMS work for year 2

- Final bits for VOM(R)S convergence
 - <https://twiki.cern.ch/twiki/bin/view/EGEE/VomsAdmin26RFE>
- SAML
 - Support for latest SAML profile (update coming very soon)
 - Third-party attribute queries
- Expand VOMS Admin test suite coverage
 - Web application, Web services
 - CLI
- Work towards EPEL packaging compliance
 - JAVA dependencies from the OS as much as possible
 - Repackage Python modules following fedora guidelines

Thanks!
