Contribution ID: **54**   Type: **not specified**

Preliminaries

Monday 27 March 2023 15:50 (2h 10m)

- introduction of our work environment (i.e. the virtual machine installation, demystification of Geant4 install and CMake configuration, etc.)
- recapitulation of some object oriented concept of C++ crucial for the course (such as interface and their usage)

Presenter: NOVAK, Mihaly (CERN)
