

# Probing baryon weak decays - from experiment to lattice QCD

**Monday, 6 March 2023 - Tuesday, 7 March 2023**

**Warsaw, Pasteura 7**

## Scientific Programme

***We would like to understand what are the prospects for calculation of charm baryon decay properties from Lattice QCD in the nearest future.***

## **Zoom**

<https://cern.zoom.us/j/62031147438?pwd=ZE9Gd1R6Y0VCNi9CcThEOVpCVExMZz09>

## **Main topic**

strange, charm and beauty baryon decays: non-leptonic, semi-leptonic, radiative  
possible tests of fundamental symmetries  
exploration for new projects and future collaboration
