

Getting to know each other

Let's break the ice!

PART 1: "SPEED DATING"

- Get to know each other in groups of four (**5 min**)
 - Who you are, how you are
 - Why you are here
 - What you like
 - 'Other' things you share (not expertise)
 - One object that really represents you
- Share with everyone when you are back

PART 2: GROUP ACTIVITY (ice-breaking groups: A - D)

One week together on a different planet

by K. Szymańska, Science to the Point

The planet

No human beings
No infrastructure or internet
Breathable atmosphere

by K. Szymańska, Science to the Point

One week together on a different planet

Provided:

- spacecraft
- clothes, sleeping bags, blankets
- staple food in sealed plastic containers
- one suitcase per person comprising
 - * a booklet of dialogues in 50 languages
 - * a set of beer glasses
 - * first-aid kit
 - * two folding tables for three
 - * a rope (20 meters)
 - * a flute
 - * a spade
 - * scrabble from the Fahren Islands

You can also take the objects you defined as "really representing you"

by K. Szymańska, Science to the Point

Convince HIM to come with you

António Guterres,
UN Secretary-General

Leaving TONIGHT!

(He takes no luggage)
