

Asymetries in top quark production

Wednesday 28 June 2023 09:00 (20 minutes)

The latest ATLAS results on the $t\bar{t}$ -bar production charge asymmetry will be presented along with the asymmetry measurements in $t\bar{t}$ -gamma and $t\bar{t}W$ final states.

Presenter: BARTOS, Pavol (Comenius University (SK))

Session Classification: Session I
