The poster features a dark blue background with a vibrant, abstract graphic on the left side. This graphic consists of a series of glowing, curved lines in shades of orange, yellow, and blue, resembling a particle detector or a stylized representation of particle tracks. The IPPOG logo is visible in the bottom left corner of the poster.

# Priorities for the First Semester of 2023

- ✓ Get to know each other !
- ✓ Go back to a "pre-covid" presence in the IPPOG office
- ✓ Weekly meetings on web (Monday), and Core Team (Tuesday)

## Ongoing:

- Refresh and complete web the site content ( talk by Fabiola )
- Take over and consolidate the RDB curation ( talk by Lila )

# What next ? WG visibility, deliverables, support

**IPPOG Working Groups**

Several Working Groups have been established in IPPOG in order to develop / expand different activities and work on various deliverables. These are mostly long-standing bodies meeting at least twice a year and reporting at IPPOG meetings. Today IPPOG has following working groups:

**Groups**

<b>Explaining Particle Physics to Lay Audiences WG</b> <a href="#">LEARN MORE</a>	<b>Outreach of applications for society</b> <a href="#">LEARN MORE</a>
<b>Exhibits and Public Events</b> <a href="#">LEARN MORE</a>	<b>IMC-to-New-Countries WG</b> <a href="#">LEARN MORE</a>
<b>IPPOG RDB WG</b> <a href="#">LEARN MORE</a>	<b>Diversity WG</b> <a href="#">LEARN MORE</a>

**Please, talk to us this week !**

# What next ? Conferences and publications

- CDS contains hidden assets, how can we make them visible ?
- IPPOG conference updates are a must, but what about view points ?
- Which format / frame for WG products ?
- Long standing debate on author list

*See Fabiola's talk for the web / communication aspects*
