

WHTT 2023

PRAGUE 26-28 JUNE

## International Workshop on Hadron Structure and Spectroscopy 2023

Spin and 3D nucleon structure

TMD PDFs, GPDs and GTMDs

Fragmentation functions

Fixed target and collider experiments

Meson structure and spectroscopy

Search for exotic states

Future experimental proposals

International advisory committee

Alessandro Bacchetta, University of Pavia, Italy  
Barbara Badelek, University of Warsaw, Poland  
Franco Bradamante, INFN and University of Trieste, Italy
