

7th RED LHC workshop

Thursday 11 May 2023

Beyond the SM (16:48 - 17:40)

time	[id] title	presenter
16:48	[52] Searches for Supersymmetry with electroweakino production and same-sign or three lepton signature using Run2 ATLAS data	MAMUZIC, Judita
17:01	[73] Effective 4-top production at the LHC and beyond	SERRA MARI, Javier
17:14	[53] Search for heavy scalars with flavour-violating couplings in multi-lepton and multi-b-jets final states with the ATLAS detector	AGARAS, Merve Nazlim
17:27	[75] Oblique S and T parameters at one-loop level and heavy resonances	ROSELL, Ignasi
