

# The Mitchell Conference on Collider, Dark Matter, and Neutrino Physics 2023

## Tuesday 16 May 2023

**Cosmology - Hawking Auditorium (09:30 - 10:45)**

-Conveners: Kaustubh Agashe

time	[id] title	presenter
09:30	[6] Parity solution to the strong CP problem and leptogenesis	MOHAPATRA, Rabindra
09:55	[13] Leptogenesis triggered by a first-order phase transition	HUANG, Peisi
10:20	[22] Probing the Early Universe with Dark Matter Annihilation	ERICKCEK, Adrienne

# Friday 19 May 2023

## Cosmology - Hawking Auditorium (11:15 - 12:05)

-Conveners: Keith Dienes

time	[id] title	presenter
11:15	[52] Stasis in an Expanding Universe: Overview, Concrete Realizations, and Observational Consequences	THOMAS, Brooks
11:40	[2] Dark Matter and Baryogenesis from Long-Lived Particles in the Visible Sector	ALLAHVERDI, Rouzbeh
