

Announcements

Friday 25th of August

Prepare your last questions, these speakers are leaving tomorrow ...

New speakers are arriving...

Andreas J Peters

Data and storage techniques

- storage technologies: present and future
- data formats and access patterns
- optimizations in IO systems
- redundancy, cloud storage

Toni Šćulac

Data analysis

- introduction to data analysis
- probability density functions and Monte Carlo methods
- parameter estimation and confidence intervals
- hypothesis testing and p-value

... and ...

Amazing, funny and somewhat secret aspects about the beginning of the internet.
Evening Lecture by an Internet Veteran and member of the Internet Hall of Fame.

FRANÇOIS FLUCKIGER

When Internet History meets Philosophy

28. august 20.30 Delta building, room 1037

UNIVERSITY OF TARTU
Institute of Technology

CERN School of Computing

UNIVERSITY OF TARTU
Institute of Computer Science

Open lecture of CERN School of Computing (21. august – 1. september, Tartu)

WHERE THE WEB WAS BORN

In the offices of this corridor, all the fundamental technologies of the World Wide Web were developed.

Started in 1990 from a proposal made by Tim Berners-Lee, the WWW was first divided between an office in building 31 of the Networking Division (CN) and one in building 2 of the Computing for Physics Division (CP).

In 1991 the team came together in these offices, then it was composed of two CERN staff members, Tim Berners-Lee and Robert Cailliau (BE), aided by a number of fellows, including a Cooperant and Summer Students.

At the end of 1994 Tim Berners-Lee left CERN to join the World Wide Web Consortium (W3C), a world-wide organization devoted to the development of the World Wide Web to its full potential. The W3C was founded with the participation of the European Commission, the Massachusetts Institute of Technology (MIT), the Institut National pour la Recherche en Informatique et Automatique (INRIA), and the Advanced Research Projects Agency (ARPA).

In 1995 Tim Berners-Lee and Robert Cailliau received the ACM Award for the World Wide Web. In 2004, Tim Berners-Lee was awarded the Millennium Technology Prize by the Finnish Technology Award Foundation.

... and by popular demand

Photo contest

MEME contest

-  CSC 2023 Booklet 
-  CSC 2023 poster
-  Photo contest 
-  School Photo Gallery 
-  Very_simple_running_area_map_CSC.png

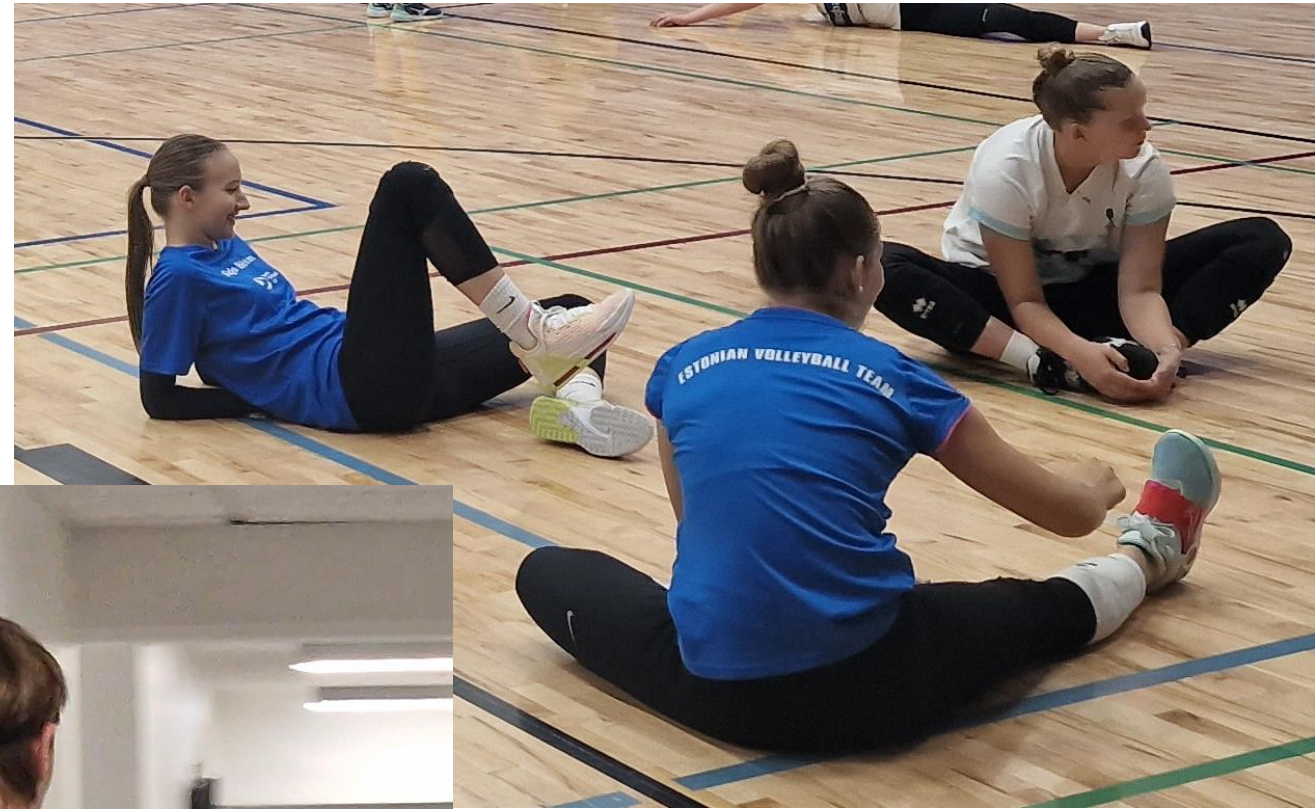

Laundry service (thanks to Siavas)

- Molandra Pesumaja:
<https://goo.gl/maps/Ec9VKtks3TkckTav7>
- Located in the shopping center parking area
- 4.20 EUR per kg, payment in cash only
- Official opening hours 8-17 (but seems flexible)
- Non English speaking, bring your phone for translation

Sports today as usual

- ◆ Bad / Volley / Ping-Pong

CERN School of Computing 2023

Tartu, Estonia
